

Dr Mohd Shakir Bathusha received his early education in Kuantan Pahang before pursuing his medical education in Melaka Manipal Medical College. He completed his MBBS degree in the year 2006. He started as a house officer in Hospital Tengku Ampuan Afazan Kuantan before serving as a Medical Officer In-Charge of "Klinik Kesihatan Kuala Rompin". He later pursued his masters degree in Plastic and Reconstructive Surgery in USM Kubang Kerian and passed out with MS (Plastic Surgery) in the year 2015. Subsequently he was posted to Queen Elizabeth Hospital, Kota Kinabalu, Sabah. He has been practising as a Plastic, Reconstructive and Burns Surgeon in Sabah since. Currently he also performs surgery in other district hospitals such as Keningau, Tawau and Lahad Datu. His area of interest include reconstructive microsurgery, paediatric plastic surgery, oncological reconstruction and aesthetic surgery.

Mohd Shakir also actively involved in improving the cleft care and its outreach to people of Sabah and occasionally collaborates with CLAPAM and Rotary Club in organizing Cleft Camp and Awareness Programme. He is also a member of CLAPAM and also volunteer with MERCY Malaysia and MAKNA. His surgical expertise is shared to the needy via community programmes like medical and circumcision camps. He is a member of MSPRS since 2012. He is also interested in research and scientific writing. He has presented both oral and poster presentation in various local and international conferences and was awarded "Ethicon Prize" in year 2014. Among his scientific writing were published in International Journal Of Surgical Research and Indian Journal of Hand and Microsurgery.
