ABOUT DR. CHAI

Dr. Chai is a talented female plastic surgeon who graduated as a gold medalist in her master of plastic surgery training at the University Sciences Malaysia. She also had her training in the U.S.A under renowned plastic surgeons. Subsequently, she worked at Hospital Kuala Lumpur which is one of the tertiary referral centre.

Dr. Chai performed various cosmetic and reconstructive surgeries. As a female surgeon, she has a special interest in breast surgeries and mummy makeover procedures to assist ladies to regain their confidence.

She also has international publications and was a speaker at conferences. She believes that "There is no best, there is always a better". Let's be a better version of you with Dr. Chai.
